

# TRANE CleanEffects™ Upgrade Kit for Perfect Fit™

## Your Profit-ability

### Sell-ability

- ≡ Upgrade for customers with a Perfect Fit™ product
- ≡ Exclusive whole-house air filtration technology
- ≡ Best filtration system available — breakthrough clean air delivery rate of up to 1200\*
- ≡ Up to 99.98% efficiency at .1 microns

### Install-ability

- ≡ Components slide easily into existing Perfect Fit™ cabinets
- ≡ Upgrades can be completed in less than 1 hour
- ≡ No electrician required, no ductwork to remove or adjust
- ≡ No additional space required

### Service-ability

- ≡ Pre-filter extends the time between cleaning the collection cells
- ≡ Power door provides easy access to all electronics

### Performance-ability

- ≡ Highest clean air delivery rate of any filtration system on the market\*
- ≡ Nearly twice the clean air delivery rate of other electronic air cleaners
- ≡ Minimum impact on system airflow
- ≡ Ozone emission well below the FDA voluntary limit for medical devices

### Rely-ability

- ≡ Covered by Trane's industry-leading 10-year warranty on electronics and 5-year warranty on functional parts

### TRANE LIMITED WARRANTY

10-year electronics  
5-year functional parts

## UPGRADE YOUR CUSTOMERS TO THE MOST EFFECTIVE AIR FILTRATION SYSTEM AVAILABLE.

Customers who have installed the Perfect Fit™ filter already appreciate the benefits of cleaner indoor air. And now you can help them achieve the unmatched filtration of a TRANE CleanEffects™ system with the Upgrade Kit for Perfect Fit™. With its easy-to-install components that slide right into existing Perfect Fit™ cabinets, this kit immediately

delivers thoroughly conditioned, meticulously filtered air that is up to 99.98% free of airborne allergens. In less than 1 hour, you can upgrade your customers to the cleanest indoor air possible and then be on your way to your next appointment!

### Better indoor air

Absolutely peerless air filtration system — removes up to 99.98% of airborne allergens from the filtered air for a cleaner, more comfortable home.

### Reliable performance

Doesn't clog, so it maintains remarkable filter efficiency over time.

### Superior technology

TRANE CleanEffects™ is the new industry benchmark verified by professors from the Harvard School of Public Health and other clean air experts.

### Efficient operation

Industry-leading whole-house air filtration — delivers breakthrough clean air delivery rate.\*

# TRANE CleanEffects™ Upgrade Kit for Perfect Fit™

## Turn the “off season” on with this easy, profitable upgrade.

This upgrade option is ideal for all existing Perfect Fit™ systems. It provides a great reason to stay in touch with your customers and strengthen your revenue stream between peak seasons. Bottom line: it's an unbeatable combination of clear customer advantages, a predisposed customer base, unparalleled Trane quality and easy installation that all adds up to high profitability and enhanced customer loyalty for you!

### 1 Reusable collection cells

Precision-engineered to trap particles as small as .1 microns in size. Washing or vacuuming every 6-9 months, is all it takes to make the collection cells like new again.

### 2 Field charger

Facilitates up to 99.98% cleaning effectiveness by charging airborne contaminants so they are attracted to an oppositely charged collection cell.

### 3 Pre-filter

Traps large airborne particles and extends the time between cleaning the collection cells. Can be easily removed and vacuumed as needed every month or two.

### 4 Power door

Provides easy access to internal components. Features a filter status display as well as safety interlocks that automatically shut down the power when the door is opened for maintenance or cleaning.

### 5 Template and mounting hardware

All the hardware needed to install the upgrade is included.

### 6 Filter mounting rails

Separates the filter and field charger and holds them in place.

### 7 Insulator plate

Required to insulate the cabinet from the high-voltage collection cells.

Features and components may vary by model and are shown for illustration purposes only.

PROFITABILITY	low	average	exceptional

\*Clean air delivery rate (efficiency times airflow rate) is recognized by the Federal Trade Commission (FTC) and Environmental Protection Agency (EPA) as a fair and objective measure of various air cleaner technologies. Ratings reflect cubic feet per minute of clean air delivered for a typical 3-ton heating and cooling system: the higher the value, the more effective the air cleaner.

## Warranties generate additional income.

Trane extended warranties create additional income. Selling extended warranties is another way to protect your customers and generate future business.

## It all adds up to a stellar reputation.

We know that when you recommend our products to your loyal customers you are placing your livelihood and reputation in our hands. We salute your expertise in delivering Trane technology and innovation to your customers — making their homes a better place for living. You are the reason we can say “expect more from Trane.”
